Long-lasting laser phosphor light source | Full HD 1080p resolution |
4,500 lumen brightness | Large images in small spaces | Ultra-high
contrast ratio

Product Description

Featuring stunning 1080p resolution and 4,500 lumens of brightness, the ViewSonic® LS830 Laser Projector is the ideal solution for modern business and education environments. Designed with a laser phosphor light source lasting up to 20,000 hours, this projector delivers long-term, virtually maintenance-free usage for any boardroom or classroom. With its 0.23 ultra-short throw ratio, HV keystoneing and 4 corner adjustments, the LS830 makes installation a hassle-free experience. What's more, the ultra-short throw ratio allows you to place the projector just inches away from a wall or screen to give you a huge image for less cost than a comparably sized display. The LS830 also features a hidden PortAll® compartment which accommodates additional accessories such as a wireless streaming device, or PC stick. Powered by SuperColor technology for true-to-life images, and SonicExpert® technology for incredibly clear sound, the LS830 delivers an immersive audiovisual performance.
